

For immediate release:

**All Cadillac Products Packaging Company's manufacturing plants
are registered to both FSSC 22000 and ISO 9001:2015!**

Troy, MI – April 12, 2024 - [Cadillac Products Packaging Company](#) (CPPC), a well-established innovator, and respected manufacturer of Flexible Packaging films and laminations is proud to announce that its Dallas, GA facility has achieved certification for both FSSC 22000 and ISO 9001:2015 by its registrar, DQS.

"The achievement of these certifications for our Dallas, GA facility builds upon our previous certification at our Paris, IL facility. This demonstrates our ongoing commitment to quality and continuous improvement through an effective and robust quality management system. Our dedication to acquiring this status across all of our facilities is especially appreciated amongst our healthcare customers who expect and demand high levels of quality throughout the packaging supply chain," said Sueann Belmonte, Medical Market Manager for CPPC.

By achieving these certifications, CPPC has also improved operational efficiency, reduced waste, and improved risk management. CPPC's facilities are committed to providing the highest level of quality and service to its customers, and these certifications are a testament to that commitment.

"We are thrilled to have achieved these certifications for Dallas, which demonstrate our commitment to quality and food safety. Our customers can be confident that they are working with a company that is dedicated to continuous improvement and providing the highest level of service from all of our facilities", said Casey Turner, CEO of CPPC.

Cadillac Products Packaging Company's facilities are committed to providing the highest level of quality and service to its customers, and these certifications are a testament to that commitment. The company looks forward to continuing to provide exceptional products and services to its customers while maintaining the highest standards of quality and food safety.
